The
dkfz Executive Women's Initiative
presents a

Panel Discussion
for Junior Scientists

„How to succeed as
a woman in science:
Questions you have
and never dared to
ask“

Join a lively discussion and get answers:

- How do I know whether I am suited for science?
- When is the right time to apply for a leading position in science?
- Do I need to know the Bundesliga-results?
- Kids and career – is that possible?

And many more
